REVENUE-CUTTER SERVICE.							
<i>Expenses of Revenue-Cutter Service—</i> For amount to supply deficiency in the appropriation for "Expenses of Revenue-Cutter Service, 1894," and to meet bills for repairs upon the revenue steamer <i>Guthrie</i> , authorized by Department letter of June 25, 1894, but not yet completed.....	Mar. 3, 1893	27	577	1	-----	6,000.00	925,000.00
NOTE.—This deficiency is caused by the receipt at the Department of bills for fuel and supplies furnished to the revenue vessels in Alaska in excess of the amounts anti- cipated. As the bills for these supplies were complete and in proper form for settlement, and were payable from the appropriation for "Expenses of Revenue-Cutter Service, 1894," they were settled at once from the balance of that appropriation on hand, in lieu of certifying them to Congress for a deficiency appropriation. It is impossible at the present time to determine the exact amount required to meet this deficiency, as the revenue cut- ters on duty in Alaska do not return to San Francisco until about December 1, and the final account of the collector of customs at that port for the months of May and June, 1894, has not yet been received at the Department, but it is believed \$6,000 will be sufficient.							
LIFE-SAVING SERVICE.							
<i>Life-saving Service—</i> To supply deficiencies in the appropriation for the Life-Saving Service for the fiscal year 1895, made necessary by the act of August 3, 1894 (28 Stat., p. 225), entitled "An act to amend section 5 of the act approved June 18, 1878, entitled 'An act to or- ganize the Life-Saving Service,'" as follows: Pay of crews of surfmen employed at the life-sav- ing and life-boat stations, including the old Chi- cago station, during the period of actual employ- ment; compensation of volunteers at life-saving and life-boat stations for actual and deserving service rendered upon any occasion of disaster, or in any effort to save persons from drowning, at such rate, not to exceed \$10 for each volunteer, as the Secretary of the Treasury may determine; pay of volunteer crews for drill and exercise; fuel for stations and houses of refuge; repairs and outfits for same; rebuilding and improvement of same; supplies and provisions for houses of re- fuge and for shipwrecked persons succored at stations; traveling expenses of officers under or- ders from the Treasury Department; for carrying out the provisions of sections 7 and 8 of the act approved May 4, 1882; for draft animals and their maintenance; and contingent expenses, including freight, storage, repairs to apparatus, labor, med- als, stationery, newspapers for statistical pur- poses, advertising, and miscellaneous expenses that can not be included under any other head of life- saving stations on the coasts of the United States.) <i>Subsistence of the Army—</i>							
Purchase of subsistence supplies: For issues as rations to troops, civil employees when entitled thereto, hospital matrons, military convicts at posts, prisoners of war (including Indians held by the Army as prisoners, but for whose subsistence appropriation is not otherwise made), estimated for the fiscal year on the basis of 9,882,375 rations; for sales to officers and enlisted men of the Army; for authorized extra issues of candles; for matches for lighting public fires and lights at posts and stations and in the field; for salt and vinegar for public animals; for issues to Indians visiting military posts, and to Indians employed with the Army, without pay, as guides and scouts.....							
For payments: For cooked rations for recruiting parties and recruits; for hot coffee, canned beef, and baked beans for troops traveling, when it is impracticable to cook their rations; for scales, weights, measures, utensils, tools, stationery, blank books and forms, printing, advertising, commercial newspapers, use of telephones, office furniture; for temporary buildings, cellars, and other means of protecting subsistence supplies (when not provided by the Quartermaster's Department); for extra pay to enlisted men employed on extra duty in the Subsistence Department for periods of not less than ten days, at rates fixed by law; for compensation of civilians employed in the Subsistence Department, and for other necessary expenses incident to the purchase, care, preservation, issue, sale, and accounting for subsistence supplies for the Army. For the payment of the regulation allowances for commutation in lieu of rations; to enlisted men on furlough, to ordnance sergeants on duty at ungarrisoned posts, to enlisted men stationed at places where rations in kind can not be economically issued, to enlisted men traveling on detached duty when it is impracticable to carry rations of any kind, to enlisted men selected to contest for places or prizes in department and Army rifle competitions while traveling to and from places of contest; for flour used for paste in target practice; to be expended under the direction of the Secretary of War; in all	Aug. 6, 1894	28	237	1	\$50,000.00	\$1,650,000.00	
NOTE.—The appropriation for the fiscal year 1894 was \$1,700,000; the actual net expenditures for that year were (in round numbers) \$1,670,000, leaving surplus for the year of \$30,000. The appropriation for the fiscal year 1895 was \$1,650,000. Of this sum over \$1,000,000 have been called for from the Treasury to January 9, 1895, leaving only \$650,000 to last until the 30th of June. In order to wholly avoid the contingency of a deficiency a sum not less than \$50,000 should be put to the credit of the current appropriation, any unused portion of which to go to the surplus fund in the usual way.— <i>M. K. Morgan, Commissary-General of Subsistence.</i>

Pay of two and three year volunteers (certified claims)— For payment of amounts for arrears of pay of two and three year volunteers that may be certified to be due by the accounting officers of the Treasury during the fiscal year 1895	Aug. 18, 1894	28	412	1	-----	\$100,000.00	\$200,000.00
NOTE.							
TREASURY DEPARTMENT, OFFICE OF AUDITOR FOR THE WAR DEPARTMENT, Washington, D. C., January 23, 1895.							
SIR: I have the honor to state that the amount appropriated in the sundry civil act of August 18, 1894, "For the payment of amounts for arrears of pay of two and three year volunteers that may be certified to be due by the accounting officers of the Treasury during the fiscal year 1895," viz, \$200,000, would appear inadequate for that purpose, and it is estimated that an additional sum of \$100,000 will be required for the payment of such claims allowed by this office during the present fiscal year, only \$35,000 of the amount appropriated remaining unexpended at the present time. The original estimate made in 1893 of the amount that would be required for this purpose was \$250,000, but the amount of claims settled thus far has exceeded what was then anticipated.							
Respectfully, yours, T. STOBO FARROW, Auditor.							
The Hon. SECRETARY OF THE TREASURY.

APPENDIX A.

In relation to the estimate for "Contingent expenses, Department of State, 1895." (See page 3.)

DEPARTMENT OF STATE,
Washington, D. C., January 22, 1895.

SIR: I have the honor to submit herewith two items for inclusion in the estimates for deficiencies.

One of these items is a small bill for advertising incurred in 1888, and which was not presented here for payment until September, 1894.

The other is to obviate deficiency in the contingent expenses of this Department for the present fiscal year. A detailed statement of the amounts already expended from the Department's contingent fund, the amounts necessarily to be expended during the remainder of the year, and the amounts in addition which will probably be required to be expended is hereto annexed.

I have the honor to be, sir, your obedient servant,

W. Q. GRESHAM.

Hon. JOHN G. CARLISLE,
Secretary of the Treasury.

APPENDIX C.

In explanation of certain estimates to compensate parties for damages, etc., sustained on account of the United States naval vessels. (See pages 13 and 14.)

NAVY DEPARTMENT,
Washington, January 10, 1895.

SIR: I have the honor to transmit herewith, for submission to Congress at its present session, estimates for the following items to be inserted in the general deficiency bill, viz:

1. An item of \$48.50 to compensate the Great Falls Ice Company for damages sustained by that company's wharf at the foot of Third street east, Washington, D. C., by a collision of the U. S. S. *Fern* with said wharf on January 20, 1894. Said company has submitted to this Department an itemized statement of the amount actually expended by it in repairing the wharf after it was damaged by the *Fern*, and inasmuch as such amount is less than the sum estimated by an officer of the Navy who was ordered to report upon the damage, it is considered that this claim is a just and reasonable one.

2. An item of \$525 to compensate the Brooklyn Gaslight Company for damages sustained by that company's wharf at the foot of Hudson avenue, Brooklyn, N. Y., by a collision of the U. S. S. *Dolphin* with said wharf on January 21, 1894. This item is submitted in pursuance of the finding of a board appointed for the purpose of inquiring into the circumstances connected with the collision, and of an affidavit made by the secretary of the Brooklyn Gas light Company stating that \$525 is the amount actually expended for repairs to the wharf.

3. An item of \$36 to compensate the master of the puny *River Queen* for detention while undergoing repairs at the navy-yard, Washington, D. C., in consequence of a collision between said puny and the navy-yard tug *Triton*, at Washington, on March 15, 1894. In this item the detention has been allowed for at the rate of \$3 per day for 12 days, this rate being considered as a reasonable, yet adequate, compensation therefor.

4. An item of \$130 to compensate the Seaboard Wharf and Warehouse Company for damages sustained by that company's wharf at Norfolk, Va., in consequence of a collision of the U. S. S. *Miantonomoh* with said wharf on May 9, 1894. Said company has submitted to this Department an itemized statement of the amount actually expended by it in repairing the wharf after it was damaged by the *Miantonomoh*, and a board of naval officers reported that such amount was not excessive, but was within reasonable limits. This claim is, therefore, considered a just and reasonable one.

5. An item of \$433.21 to compensate the owners of the schooner *Carrie Dye* for injuries sustained by that vessel in consequence of a collision with the U. S. S. *Dolphin* in the harbor of Norfolk, Va., on September 14, 1894. This item is submitted in pursuance of a finding of a board appointed for the purpose of inquiring into the circumstances connected with the collision, and the amount is considered to be a reasonable compensation for the damages incurred.

6. An item of \$454 to compensate the North American Commercial Company for the loss of one bidarra, or skin boat, which was sunk while engaged in lightening the U. S. S. *Adams* while that vessel was aground on St. Paul Island, Pribilof group, Bering Sea, on the 2d of August last, and which could not be raised. Said company has submitted to this Department an itemized statement of the cost of labor, material, and skins used in the construction of the bidarra, amounting to \$454, which sum is stated by the Bureau of Construction and Repair to be a reasonable price for such a boat. It appears from official reports on file in the Department that the boat in question had been specially constructed by the company for use in Alaskan waters, and that it was furnished at the urgent request of the commanding officer of the *Adams* at a time when that vessel, being aground, was regarded as in a perilous situation. This claim is deemed by the Department to be moderate in amount and in all respects a just and proper claim.

I have the honor to be, very respectfully,

H. A. HERBERT, *Secretary.*

The SECRETARY OF THE TREASURY.

APPENDIX D.

Relating to the estimates for crier to court of appeals, District of Columbia. (See page 14.)

DEPARTMENT OF JUSTICE,
Washington, D. C., January 11, 1895.

SIR: Inclosed is a copy of a letter from Hon. R. H. Alvey, chief justice of the supreme court of the District of Columbia, dated January 8, 1895. It relates to the compensation of the crier of the court, the court being "authorized to appoint a crier at a salary not to exceed \$100 per month." It is understood that the crier received his pay direct from the Treasury for the months of July, August, and September, 1894, but that since that date he has received no compensation, he being a salaried officer for whom no direct appropriation has been made for the fiscal year 1895. Justice Alvey says: "If there be any mode of rectifying the matter within the power of the Department of Justice the court would be greatly obliged if it can be exercised for the relief of Mr. Robinson, our crier."

You are respectfully requested to transmit this claim to Congress for a deficiency appropriation for the fiscal year 1895, and for an annual appropriation for the fiscal year 1896.

Very respectfully,

RICHARD OLNEY,
Attorney-General.

The SECRETARY OF THE TREASURY.

COURT OF APPEALS OF THE DISTRICT OF COLUMBIA,
Washington City, D. C., January 8, 1895.

SIR: By the act of Congress of the 9th of February, 1893, providing for the organization of the court of appeals of the District of Columbia, the court is authorized to appoint a crier at a salary not to exceed \$100 per month. The crier has been appointed and he has been in service since the organization of the court, but in the last appropriation bill no appropriation was made for the payment of the salary, and consequently he has been serving without receiving his salary for several months past. This is a hardship upon him, and if there be any mode of rectifying the matter within the power of the Department of Justice the court would be greatly obliged if it can be exercised for the relief of Mr. Robinson, our crier.

I have the honor to be, yours, very truly,

ATTORNEY-GENERAL UNITED STATES.

R. H. ALVEY, *Chief Justice.*

APPENDIX E.

In explanation of the estimate for "Inland mail transportation by railroad routes for the fiscal year 1895." (See page 14.)

OFFICE OF THE POSTMASTER-GENERAL,
Washington, D. C., January 14, 1895.

SIR: I have the honor to transmit herewith certain estimates for deficiency appropriations required for the postal service for the year ending June 30, 1895, as follows, to wit:

For inland transportation by railroad routes.....	\$935,000.00
---	--------------

In relation to this deficiency estimate, I have the honor to submit the following explanation:

Expenditure under orders issued to December 31, 1894.....	\$26,402,548.66
Unadjusted miles in operation on June 30, 1894, 99.46, at \$60 per mile.....	5,967.60
Unadjusted service of 1894-95, authorized under orders to December 31, 1894, taking effect prior to January 1, 1895, 247.38 miles, at \$45 per mile.....	11,132.10
Unadjusted service under orders issued to December 31, 1894, taking effect in January, 1895, 26.82 miles, at \$30 per mile.....	804.60
New service to be put on during the year, estimated for an average period of three months, 1,000 miles, at \$15 per mile.....	15,000.00
Estimated expenditure for year.....	26,435,452.96
The appropriation was	25,500,000.00
Deficiency.....	935,452.96
The sum originally estimated was.....	26,900,000.00
The appropriation was	25,500,000.00
Appropriation less than estimated	1,400,000.00
Estimated deficiency, as above.....	935,452.96
	464,547.04

It will be seen that the estimate made at this time of the expenditures for the current fiscal year is \$464,547.04 less than the estimate originally submitted.

This may be accounted for by the following items:

The increase in expenditure in the fourth contract section, by reason of the quadrennial reweighing of mails, which was then pending, was originally estimated (based on previous percentages of increase) at.....	\$1,125,803.50
The actual increase was afterwards ascertained to be.....	758,670.29
	\$367,133.21
The estimate for new service for the year was originally.....	64,125.00
But owing to the comparatively small amount of mileage upon which service was established during the first half of the year, the estimate for that item is now reduced to.....	26,936.70
	37,188.30
Reductions in other items.....	60,225.53
	464,547.04

All of which reductions, as compared with the original estimate, are largely due to the general depression throughout the country, which has affected the postal service as well as other branches of business.

Yours, respectfully,

W. T. BISSELL, *Postmaster-General.*

The SECRETARY OF THE TREASURY.
